Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Monday 10 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Breezy with sunshine and showers, heaviest in north and west.

Today:
Early rain clearing from eastern England, but then moving north towards the Northern Isles later. Elsewhere, breezy with sunny spells and scattered showers, these locally heavy with hail and thunder, but many south-eastern parts of England mostly dry later.

Tonight:
Showers continuing in the west, with some longer spells of rain in the north. Turning chilly inland, perhaps with a rural ground frost in central and eastern areas.

Tuesday:
Another day of sunshine and showers, again heavy with a risk of hail and thunder, although cloudier and windier for a time in the south-west with longer outbreaks of rain.

Outlook for Wednesday to Friday:
Unsettled with a mixture of sunny spells and showers. Showers heavy at times with a risk of thunder. Heavy rain possible in the southwest overnight Wednesday into Thursday.
